To Whom It May Concern,

Claytons Kitchens Australia have contracted Indigo Training several times over the past year to conduct various courses, including Train the Trainer, Customer Service Training for Design Consultants and Superior Customer Service through Relationship Building.

On all occasions, training provided has been carried out with the utmost professionalism and enthusiasm from Rum Charles.

Feedback from employees who attended the course was very positive. All employees involved left the training feeling uplifted and motivated, and eager to put their newly learned skills into place.

As testimony to the services provided by Indigo Training, I believe that our employees, and the company as a whole, have benefited from the training received.

I have no hesitation in recommending Indigo Training to other companies, and look forward to working with them again in the future.

Yours Sincerely,

Sugar Gocmen
